

Education and Training

ONE NATION is committed to provide every Australian with a standard of education equal to the best in the world.

This encompasses competency in English, Mathematics, Science and Social Studies.

We will ensure students are directed towards an education in line with their capabilities.

Teachers will be required to undergo federal police checks at regular intervals to enhance public confidence.

The Education Department must strive for a balance in gender of teachers.

We will ensure that only teachers who are properly trained to teach particular subjects are allowed to instruct in those subjects.

We will fund accordingly.

We Propose

- Compulsory attendance at schools for all children.
- Stop truancy - make parents and teachers responsible.
- Re-introduce discipline at school.
- Remove "political correctness" from the school system.
- No more social engineering.
- Re-introduce Christian ethics at schools.
- Establish Special Schools for special need children.
- Restructure administration and place strong emphasis on literacy, numeracy, respect and responsibility.
- Lift teachers standing in the community. (Teachers role is to teach and to impart knowledge. They are not social workers or nurses.)
- Guaranteed access to University education for qualified Australian students (time limit to finish degree).
- University funding to match particular courses offered.
- No HECS fees. Regional posting if required.

- Free TAFE courses aimed to enhance job prospects.
- Emphasis on Apprenticeship training rather than importing skills.
- Re-establishing Colleges attached to Teaching Hospitals for the training of enrolled nurses.
- **One Nation** will support optional re-introduction of same sex classes.
- Overseas students are required to return to their respective countries after completion of their studies.
