

LETTER OF THANKS TO ONE NATION WA FROM GREENPEACE AUST PAC.

Hi One Nation Wa,

Thank you for taking action already this week. You're playing a vital role in defending our right to know what's in our food.

From the supermarket aisle to Parliament House - today, we're taking the contaminated baby food scandal to Canberra.

Politicians and parents joined Greenpeace outside Parliament House this morning to demand full labelling of all genetically modified (GM) food.

In breaking news, Senators Rachel Siewert and Nick Xenophon announced at our press conference that they will introduce a joint bill to get stronger food labelling legislation.

Follow the action [here](#).

We're asking federal Health Minister, Nicola Roxon, to close the loopholes that allow untested, unlabelled and potentially unsafe GM foods to be fed to babies.

Nicola Roxon has primary responsibility for GM labelling laws in Australia and will oversee the Council of Australian Governments' decision on the federal government review of labelling laws in February 2011.

Thank you again for your support.

Laura Kelly
GM Campaign Team Leader
Greenpeace Australia Pacific

PS If you're not already a part of it, join the Greenpeace Truefood Network to receive regular updates on our ongoing GM campaign. Sign up [here](#).
