

Asylum Seekers

NO!

Stop the People Traffickers

Julia Gillard - Over many decades tens of thousands of invited immigrants made their start in Australia. They were, and still are, net assets to Australia. They put Australia first. Often they died for Australia. Open your eyes and look at what they achieved!

Julia Gillard - For the sake of your left wing ideology, your personal ego, and for fear of your masters in the UN and elsewhere you have allowed into Australia a flood of uninvited foreigners, many with faiths and beliefs totally at odds with our own. Many of whom will always remain net liabilities - forever dragging other Australians down. Open your eyes and look what they are costing!

Julia Gillard - You have no mandate to spend hundreds of millions of tax payer's dollars on immigration queue jumpers when millions of your fellow Australians struggle on or below the poverty line or wait years for medical care and public housing accommodation.

Julia Gillard - You were elected to serve the people of Australia and do their will, not the bidding of foreign powers such as the Globalist **United Nation Human Rights Commission**. The majority of Australians want a swift and sure end to the Asylum seeker farce that is making Australia the laughing stock of the world. You ignore the will of the Australian people at your own political peril.

Julia Gillard - Your continued contempt for the will of the Australian people will surely condemn the Labor Party and Greens to the political wilderness for decades to come.

One Nation says:

Withdraw from those UNHRC Treaties that severely disadvantage Australia.

Stop the front door and back door Asylum Seeker and Immigration racket destroying our nation.
