

George Gault – State President One Nation Western Australia

Twenty five taxes and counting...

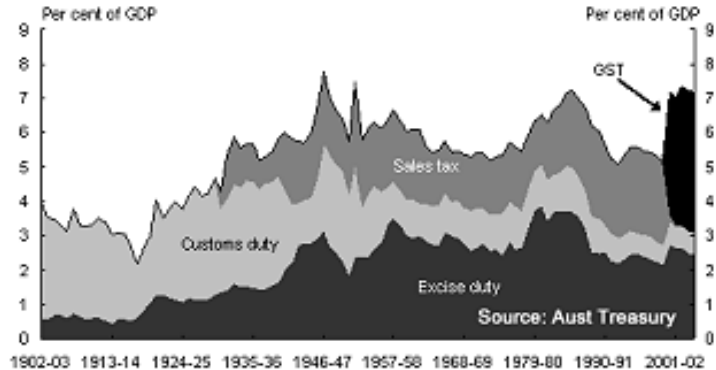

Today we pay tax on top of tax. From the ubiquitous GST to income tax and now the big new mining slug that will trickle down and hit us all in added costs.

Yet, **not one of these taxes existed 100 years ago** when our nation was one of the most prosperous in the world.

We had absolutely **no national debt...**

We had **the largest middle class in the world...**

And **Mum stayed home to raise the kids.**

What happened?
